“ During the health and economic crises of 2020, 70% of businesses in Burnside remained open. Many businesses retooled and supplied our community with the necessary products and services needed to combat the health crisis. Several of our businesses thrived due to the nature of their products or services. The businesses that were regulated to close have mostly reopened and found a way to service customers safely. There are several new buildings being constructed to be open in 2021. Burnside is strong, resilient and welcomes all new businesses. ”

Dee Deuville
Chair, Greater Burnside
Business Association
